LB 530, 531, 122,
532, 427

CLERK: 18 ayes, 0 nays.

PRESIDENT: The Call is raised. Senator Warner, we have no further amendments.

SENATOR WARNER: Mr. President, I move that LB 530 be advanced to E & R initial.

PRESIDENT: Alright. Clear the board please. You've heard the motion to advance the bill. Senator Duis.

SENATOR DUIS: First a question of Senator Warner, if I might please. Senator Warner, we have no amendments on this bill that would change any figures in the total amount?

SENATOR WARNER: Didn't I offer one initially, a corrective one, Vince, the first one? No, that didn't change any figure. No, there were no figures changed.

SENATOR DUIS: I wanted to congratulate the Committee and support the advancement of this bill. The difference between the Governors' proposed budget, as I have it figured out here, and what you have in here is only \$72,232, so we must be right on the nose with the Governors' budget, if my figures are correct. I congratulate the Appropriations Committee very much. I go for the advancement.

PRESIDENT: Record your vote. Have you voted? Record. Report the vote.

CLERK: 37 ayes, 0 nays.

PRESIDENT: The bill is advanced. Do you have anything to read in, Mr. Clerk?

CLERK: Mr. President, a Reference Committee report referring LB 538 to the Appropriations Committee. Signed by the members of the Appropriations Committee. Mr. President, Senator Burrows asks unanimous consent to print amendments to 192, Senator Frank Lewis to 532, Senator Koch to 532, Senator F. Lewis to 427, and Senator Warner to 532. Mr. President, there will be a meeting of the Executive Board in the Public Works Committee at 4:30 p.m. in 2102. That is all, Mr. President.

PRESIDENT: Mr. Speaker.

SPEAKER LUEDTKE: Mr. President, just to remind all the committee chairmen that we will have our usual meeting in the morning at 8:30 a.m. Also to advise you that I have conferred with Senator Warner and tomorrow we will not take up appropriations bills but we will be following through after our special order with the Select File and General File in that order. We will take up Select File and then follow through with General File. So we should get some work done tomorrow on Select and General File and we will not have consent calendar tomorrow. That is the main reason I am mentioning it. There will only be one bill on Final Reading tomorrow, 81 and 81A.

PRESIDENT: Senator Warner.

SENATOR WARNER: Mr. Speaker, I am wondering, we have the intent bill that goes with 532 here. They are writing
